EDUCATION

Bachelor of Science (B.Sc), Computer Science

Vivekanand College, Kolhapur

2018 - 2021

CGPA: 8.08/10

PROJECTS

Online Quiz Portal

Aug 2019 - Jan 2020

http://quizzards.unaux.com/stud_register.php

Project was between me and my friend. We developed the project in HTML,CSS, JavaScript, PHP and MySQL. We developed a quiz portal where the teachers can add quiz with unique quiz id for every quiz and given to students so that they can give the quiz.

Mushroom Identification Through Deep Learning

Sep 2020 - Present

This is my last year project.In this we used CNN,Deep Learning to identify the mushroom.Datasets of 10 Mushrooms was formed and trained,developed the model and was validated.It's almost done just the integration part with web application is going on.

E-library

Feb 2021 - Present

We used HTML, CSS, JavaScript, Python, Flask and MySQL for this project. We developed e-library portal where teachers add links to books, study material(notes), question paper. And student would register and login to the portal to get access.
